

Please see the update below from Public Health England for 6 April.

- **The Department of Health and Social Care (DHSC)** has [confirmed](#) that, as of 9am on 6 April 2020, 252,958 tests have concluded, with 13,069 tests on 5 April (excluding Northern Ireland). 208,837 people have been tested of which 51,608 tested positive. As of 5pm on 5 April 2020, of those hospitalised in the UK who tested positive for coronavirus, 5,373 have died.
- **DHSC** will publish updated data on [this page](#) on a daily basis each afternoon until further notice. Please be aware that tests are now being prioritised for those who require hospital care for pneumonia or acute respiratory illness – while continuing to investigate outbreaks, ie where several cases are connected, especially in a particular setting such as a care home. This change is being reflected in the surveillance data we report which will monitor, support and inform the public health actions we are taking while no longer providing a running commentary of individual cases, or individual deaths.
- **Assets** on the [Campaign Resource Centre](#)
  - **Act Like You've Got It, Anyone Can Spread It – additional resources**

  - <https://campaignresources.phe.gov.uk/resources/campaigns/101-coronavirus-/resources>
- Stay Home, Save Lives translated assets - Web accessibility posters are now available on the [Campaign Resource Centre](#) (contained within the downloadable zip file). These include the following languages: Polish, Russian, Punjab, Urdu, Bengali, Gujarati, Romanian and Roma (for the Roma travelling community). A Polish translation of the radio advert is also included. We are working with the Welsh Government to provide Welsh translations. Translated social media assets and other posters will be available soon.

- Stay Home, Save Lives assets for ports of entry - Ports of entry have been provided with digital assets containing travel information to help to prevent the spread of the virus. These can be accessed on the [Campaign Resource Centre](#).
- Guidance for staff in the transport sector has been updated and is available [online](#).
- Guidance for [households with possible infection](#), [staying at home and away from others](#), and [protecting vulnerable people \(shielding\)](#). Latest PHE guidance can be found [here](#).
- Any further guidance to support schools and educational settings remaining open for children of key workers will be published [here](#). DfE has set up a [helpline](#) offering guidance for anyone with education related questions.
